

HOW CAPITAL CREDITS WORK

Because electric co-ops operate at cost, any excess revenues, called margins, are returned to members in the form of capital credits.

DO YOU SEE YOUR NAME BELOW?

Below you will find a list of names of people who have an unclaimed capital credit from San Isabel Electric.

The electric cooperative publishes the unclaimed capital credit list every April in an attempt to notify member-owners that the co-op issued them a capital credit check for at least \$10, and that check has not been cashed.

Now, searching and claiming your capital credits is quick and easy. You can look for your name in the printed list below, or you can now search an online database to check if we owe capital credits to you or one of your family members. If you're a current or former member and find your name, you can fill out an online claim, email

capitalcredits@siea.com, or give us a call at 800-279-SIEA (7432) to start a claim.

A full list of members with capital credits in their name will be published on the co-op's website by June 1. Visit siea.com/capitalcredits to use the new search tool and to find a printable, searchable PDF.

If a member-owner has not claimed their unclaimed capital credit after three years, the co-op uses the money to fund scholarship programs and area service efforts approved by the board of directors, supporting hospitals, fire stations, county fairs, school sports, local chambers of commerce, and more.
